PROFILE

I'm a dedicated Programmer with hands-on experience in developing efficient, scalable solutions using languages like PHP, C#, JavaScript and a strong focus on automation and user-centric application design. Leveraging the Microsoft Power Platform—including Power Automate, Power Apps, and Power Pages—I build low-code solutions that drive measurable business value.

ACHIEVEMENTS

- Bago City College BSIS HACKATHON 2024
Programmer
 - 2nd Place in the 1st HACKATHON
 - Led team as Lead Developer, architecting solutions, assigning tasks.
 - Collaborated with the team to maintain effective communication and collaboration.
- Programmer of the Year Award, Bago City College 2025
 - Awarded Programmer of the Year for exceptional coding skills, innovative problem-solving, and significant contributions to school projects and initiatives.
- Software Development Training Program (SDTP) 2024 - 2025
Trainee
 - Completed an intensive Software Development Training Program, gaining hands-on experience in coding, debugging, and collaborative project development.
